As with many outdoor activities, there is an element of risk associated with the activities provided by the Splash Sport Ministry Team. It is essential that, as group leader, you provide full details to those with parental responsibility for each young person attending. You must also obtain written consent for the young person to take part in Splash Sport Activities together with details of any relevant medical conditions and emergency contact details. For this purpose you may use any forms currently in use within your Church/Organisation. A sample form is provided on the CYCM website for guidance. By signing this booking form you acknowledge that you have or will comply with this requirement before the date of your proposed session.

CYCM/Splash Sport Ministry is a non-profit organisation but to assist with the costs incurred individual charges have been set as shown below.

Chiefs & Campaigners £5 per person. Non Campaigners £10 per person
